

Children's Space

The Priory welcomes children to be an integral part of our worshipping life and encourages their full participation through the Children's Groups and/or the Junior Choir.

Any community of faith is enriched by the presence of children. So we thank God for our children and pray for them and their families in the growing years of their lives and faith journeys.

Parents: please help your children to follow services and to join in the worship as far as they are able.

Children: If you need "time out", please take your parents to the choir vestry or the crèche. You can then make a lot of noise without being disturbed by those who are trying to follow the service.

Visitors: This space is available for you and for your children to play under supervision while you are in the Priory.

Everyone: Please tidy up when you leave so that the space is welcoming for the next people to use it.
